

## Theatre Forum OPEN SPACE Waterford NOW WHAT WHAT NOW

Friday 17 February 2012

10:15 – 15:00

The Large Room, City Hall, The Mall, Waterford  
City

**Open Space is organised in partnership with the Arts Office of Waterford City Council**

**Open Space** is an opportunity to meet up with artists and arts professionals. **There is no cost to attend!** An Open Space meeting has no keynote speakers or panel discussions and all topics can be put on the table. It's a very democratic way of ensuring that as many voices as possible are heard. It's also good fun and very energising forum for discussion and change. Theatre Forum has organised six Open Spaces to date and now its Waterford's turn...

Do you love working in the **arts**?  
Do you find it **frustrating**?  
Do you wish it were **different**?  
Do you feel like an outsider in your own **profession**?  
Do you want to help change things for the **better**?  
Have you just started out and need **support**?  
Have you been in the profession for years and feel **jaded**?

Do you usually dread discussions and **meetings**?  
Are you looking for a sense of **community, mentorship**?  
Are you looking to **change things**?

Then come along and be part of the solution on **17 February**. Raymond Keane is our facilitator. This event is **FREE!** and **lunch is also included**.

**EVERYONE** involved in the arts is welcome, from Waterford and beyond...

**This includes all arts forms - visual arts, theatre, dance, music, literature, etc and all backgrounds from artists to administrators. But you must RSVP to [theatreforum@ireland.com](mailto:theatreforum@ireland.com) to let us know you are coming! Please include your title e.g. Director/ Actor etc. when sending your RSVP as we will need this for our attendance list!**

### **Any questions?**
